

### Block Types for Brooms

Handles are sold separately on page 1383.

**Foam Block**—High-density foam block resists acid, solvents, oil, fungus, and liquid. Rugged synthetic block will not warp, crack, split, or harbor harmful bacteria. For wet or dry sweeping in hospitals, laboratories, and food service areas.

**Hardwood Block**—Kiln dried, finished, and lacquered to resist moisture and cracking. For general purpose sweeping.

**Plastic Block**—Hygienic plastic block has threaded handle hole to accommodate all types of threaded handles.

**Aluminum Block**—Aluminum block has replaceable bristles and is suitable for warehouses, large areas, and sports fields.

### Fine-Sweeping Floor Brushes

Brushes provide scratch-free sweeping on wood, ceramic tile, linoleum, smooth concrete, marble, and polished surfaces. Flagged tips pick up small particles. For use with threaded handles. No. 3U767 includes a solid metal brace.

Description	Block Material	Block Size	Trim Length	Item No.
Green Flagged Synthetic Fill	Foam	18"	3"	3U766
Green Flagged Synthetic Fill	Foam	24"	3"	3H388
Green Flagged Synthetic Fill	Hardwood	36"	3"	3U767

### Smooth Surface Floor Brooms

For use with threaded handles. Nos. 4KNA4 and 4KNA5 have flagged tips for picking up fine dust and dirt. Nos. 4KNA6 and 4KNA2 are for general purpose sweeping on semismooth surfaces. No. 46U284 includes a 60" steel handle.

Description	Block Type	Block Size	Trim Length	Item No.
<b>Fine Sweeping</b>				
Silver PET Fill, Flagged		18"	3"	4KNA4

### Libman Multisurface Floor Brushes

Brooms are suitable for sweeping all surface types, including smooth and semi-smooth surfaces. Include a 60" steel handle. Replacement handle is No. 8ZD24.

Description	Block Material	Block Size	Trim Length	Item No.
Red/Black Recycled PET Dual-Fiber	Polypropylene	18"	3"	46U282
PET Dual-Fiber	Polypropylene	24"	3"	6APW0

### 3-in-1 Floor Sweeps

Combine the best features of fine, medium, and heavy floor sweeps in 1 product. Synthetic bristles have pitched angle for sweeping on all types of floor surfaces. Shorter, heavy bristles in front sweep heavy debris, and longer, fine/medium bristles in back sweep away fine dust and particles. For use with threaded handles.

Description	Block Material	Block Size	Trim Length	Item No.
Blue and Black Synthetic Fill	Plastic	18"	2 to 2 3/4"	1YTH5
Blue and Black Synthetic Fill	Plastic	24"	2 to 2 3/4"	1YTH6

### Perma Sweep Floor Brushes

Acid- and bacteria-resistant fiber for longer life. Suitable for sweeping fine dust and dirt on smooth surfaces, and can be used for wet or dry sweeping applications. For use with threaded handles.

Description	Block Material	Block Size	Trim Length	Item No.
Gray Polystyrene Fill	Foam	14"	3"	5UYF7
Gray Polystyrene Fill	Foam	18"	3"	5UYF6

### Contractor Brooms

Synthetic fibers provide extra strength and durability. Can be used in wet and dry applications and with detergent and water. Acid- and fungus-resistant fibers last longer than traditional brooms. For use with contractor broom handle No. 4GU69, see page 1383.

**Brown Palmyra Fill**—For sweeping heavy debris. Broom comes with a heavy-duty brace.

**Blue Palmyra Fill**—For sweeping heavy dirt and debris. No. 13D518 includes a 60" powder-coated steel handle.

**Silver Flagged Polypropylene Fill**—For sweeping up fine dust and dirt on smooth surfaces.

**Black/Gray Flagged Silver PVC Fill**—For picking up heavy dirt and the fine dirt left behind. No. 4GU67 includes a heavy-duty, wide-leg brace.

**Maroon Polypropylene Fill**—For sweeping up heavy dirt and debris on very rough surfaces.

**Blue Polypropylene Fill**—Stiff bristles are able to sweep heavily caked dirt and debris on very rough surfaces.

Description	Block Material	Block Size	Trim Length	Item No.

### Synthetic-Fill and Natural-Fiber Brooms

- Black bristles maintain their appearance, even in dirty conditions

#### SYNTHETIC-FILL BROOMS

**Lobby**—Polypropylene bristles sweep efficiently and small head design fits easily in any corner.

**Angle**—Angled trim reaches under low cabinets and into other hard-to-reach places. Durable flagged fill. No. 1VAC4 has a wooden handle. No. 1VAC5 has a vinyl-coated metal handle. No. 1NFG2 intense use broom is an all-plastic broom with internal honeycomb style fiber handle that is hot melted and plugged for additional strength and security. Suitable for correctional facilities.

#### NATURAL-FIBER BROOMS

**100% Corn Fiber**—Use for everyday sweeping of fine dirt and debris on most surfaces. Multistitched to maintain broom shape and performance.

**Corn Fiber Blend**—No. 1VAC3 intense use broom has no-wire construction.

**Synthetic Fill Lobby Broom No. 1VAC2**

**Synthetic Fill Angle Broom No. 1VAC5**

**100% Corn Fiber Heavy-Duty Warehouse Broom No. 1VAB8**

### Roofing, Cement, and Masonry Brushes

#### ROOFING

Use to spread roof tars and coatings, and also to apply cement.

#### CEMENT

Use with newly poured cement to create a textured surface. Can also be used to apply coatings on asphalt or concrete.

#### MASONRY

Use to apply cement and liquid waterproofing materials. Use acid masonry brushes to apply Kalsomine, acids, and water repellents.

**Utility Brushes**

**WHITE NYLON**  
Utility scrub brushes will not absorb odors or water. For high-temperature cleaning, hospitals, and food service.

**MAROON SYNTHETIC**  
Resist acid, alkali, and water. For scrubbing cans, pots, and tubs.

**WHITE TAMPICO**  
Retains fluids for liquid transfer to work surface. Chemical- and water-resistant handle will not warp or crack.

**Scrub Brushes**

**SQUARE END**  
For general purpose cleaning and scrubbing. Resists water, acid, and alkali solutions.

**CURVED BLOCK**  
Molded plastic block provides a comfortable grip.

**IRON STYLE**  
Handle keeps hands out of cleaning solutions and water.

**NAIL CLEANING**  
Easy grip block for scrubbing with hand cleaners.

**POINTED ENDS**  
For general cleaning and scrubbing with a variety of cleaning solutions. Pointed ends allow for brushing close to walls and into corners.

### Sweeping Compound

★ TOUGH GUY®

Instantly attracts dust and dirt, holding dirt to the ground while area is being swept. Keeps particles from rising into the air and diminishes the inhalation of harmful dust. Oil-based compound with grit contains sand which acts as an abrasive to loosen dirt and grime from work floors. For use in the construction industry, warehouses, boat yards, factories, garages, and more.

#### ZEP® PROFESSIONAL

Soy-based, all-purpose, nonpetroleum formula captures dust and debris on hard floors. Made with renewable soy-based oils.

## Color-Coded Brushes

Base resins used to produce blocks and bristles are constructed of FDA-approved materials. Color-coded products promote safe food handling practices and help minimize the risk of cross-contamination between work zones.

### UTILITY SCRUB BRUSHES

General-purpose, with a white plastic block and 1 5/8" polyester fill.

### HAND SCRUB BRUSHES

Ergonomic design with curved back and flared, crimped bristles holds solutions,

easily cleans along edges and corners. Contoured plastic blocks are 2 1/2"W. Fill is 1 3/8".

### COUNTER BRUSHES

For light to medium brushing away of small particles. Removes powder and other residues. Polyester fill is 2 1/2".

### PIPE HOOK BRUSHES

Circular clean-in-place brushes are ideal for cleaning curved drains, tubes, pipes, and equipment. Polyester bristles are

twisted into galvanized steel wire. FDA-approved materials.

### WAND

Radiator-style brushes feature a long, narrow shape to clean countertops, refrigerator coils, conveyor belts, and other hard-to-reach spots. Slip-resistant, durable plastic handle will not crack or splinter.

### BOTTLE AND GALLON

Wirewound brushes feature smaller diameter handles and softer bristles for cleaning jars, bottles, and glasses with smaller openings. Nos. 1YTP3 and 1YTP4 are specially designed to easily slip into bottle necks and remove deposits from hard-to-reach places.

### DOUBLE END PLUG VALVE AND FITTING

2 valve brushes in 1 with stiff polyester bristles tapered at both ends for double valve cleaning. Baton-style plastic handles feature a middle grip area.

### MULTIPURPOSE VALVE AND FITTING OVAL AND ROUND

Versatile brushes clean a variety of commercial kitchen equipment including vats, pots, pans, crocks, and tanks. Medium stiff bristles provide aggressive cleaning, and rounded heads and ends protect against scratching.

### BRUSH RACKS

Heavy-gauge aluminum, hold up to 10 drilled-handle brushes or other equipment. Mounting screws included.

**Floor Scrub Brush**  
No. 3NB71

**Hygiene Bench Squeegee**  
No. 2XKT7

**Foam Squeegee**  
No. 1EUB1

**Color-Coded Floor Brushes and Squeegees**

Protect against microbial cross-contamination by assigning specific colors to each potential area of contamination.

**FLOOR SCRUB BRUSHES**

Dual-angle plastic block and crimped polypropylene filament hold liquid for scrubbing at high and low angles. Threaded handle hole; order handle separately on page 1383. 1 3/4" trim length. Overall length: 10".

**ANGLE BROOMS**

Designed for extended use; ergonomic shape prevents uneven wear. 1" dia., fiberglass handle. Sanitary, unflagged polypropylene bristles. Self-locking Flex-Tip™. 12" sweep face; 5 1/2" to 7" trim length. Overall length: 54".

**FLOOR SWEEPS**

Hygienic, nonabsorbent plastic block with angled synthetic bristles. Short, heavy-duty bristles up front help sweep heavier debris. Long, fine bristles in back sweep fine dust and can be used with sweeping compound. 2 1/3" trim length. Block size: 24".

**SQUEEGEES**

**Hygiene**—1 piece design inhibits growth of bacteria by eliminating openings for dirt to accumulate. Soft thermoplastic elastomer blade contours easily to uneven surfaces. Frame is designed to help prevent fluids from splashing over squeegee frame. 12" squeegee includes a 6 1/2" handle.

**Foam**—For cleaning liquid spills from floor surfaces. Double foam rubber blades conform to most surfaces, including tile and marble. Durable plastic frames will not rust or spark.

**HANDLES**

1" dia. handles for use with a variety of bench and floor squeegees and brushes. Short 6 1/2" polypropylene handles feature ACME threads and are ideal for use with bench squeegees and brushes. 60"L fiberglass handles are self-locking.

No. 2NTJ7

**Food Service Brushes**

**High-Temperature**—Constructed of stiff PTFE bristles to withstand temperatures up to 500°F; allow equipment to be cleaned while it is still hot. Plastic handles stay cool to the touch.

Note: Heat coil must be turned off prior to brush use.

**Glass Washer**—Glasses of almost any style can be cleaned thoroughly and safely with this brush. Heavy-duty polyester bristles with a densely filled dome top hold up to extreme use. Threaded white plastic stems help prevent chipped or broken glasses. Brush features a molded plastic base with positive suction for a tight grip in sinks and on countertops.

**Oven and Grill**—Wire bushes and metal scrapers quickly and easily remove heavy carbon deposits, rust, and burnt-on food buildup.

Note: Equipment must be turned off prior to brush use.

**Grill Cleaning System**—Specifically designed to clean hot surfaces without clogging. No. 2NTJ7 must be used with grill pad and holder. No. 2NTJ6 cleans without scratching or lifting surface cure.

**Hot Beverage**—Polyester fill brushes quickly and easily clean coffee decanters, makers, urns, creamers, and percolators.

**Food Service Scrapers**

Scrapers are ideal for general mixing and stirring. Scrapers made of nylon (300°F) or flexible polyethylene (150°F) will sharpen and contour to a specific use. Smooth finish, with waterproof construction for easy cleanup. Use Paddle Scraper No. 1YTP7 for greater stirring and cleaning of large kettles. Stainless steel scrapers are NSF listed with chisel point blades and tapered side for improved scraping action. Threaded handle is fully sealed to eliminate bacteria and has plastic grips for comfort and heat resistance in high-temperature and high-viscosity applications.

#### ★ TOUGH GUY® SCRUBBERS

**Brass**—Soft brass wire for use where scratching is an issue.

**Stainless Steel**—Wideband construction for full-coverage cleaning.

**Plastic Mesh**—Durable high-strength filament with overlap construction. For sensitive surfaces.

#### ★ TOUGH GUY® MICROFIBER SCRUBBERS

**Antibacterial**—Microfiber cloth on 1 side, honeycomb mesh on the other.

**Blue**—Sponge covered with microfiber for lint- and streak-free cleaning.

**Large Dual-Sided**—With microfiber cloth and mesh covering.

**Heavy-Duty**—Large absorbent sponge with scrubbing mesh on 1 side and microfiber on the other.

### Scouring Pads and Scrubbing Sponges

#### SCOTCH-BRITE™ SCOURING PADS

**Cleansing No. 98**—For sensitive surfaces such as stainless steel, chrome, porcelain, and ceramic.

**General Purpose No. 96**—Synthetic scouring pad.

**General Purpose Green No. 9650**—Thicker hand-size version of scouring pad No. 96 eliminates cutting or folding of pad for a better grip.

**Heavy-Duty No. 86**—For heavily baked-on foods.

**Pot 'n Pan No. 88**—Synthetic material won't splinter or rust.

**Power Pad No. 2000**—Scours 2 to 4 times faster with 2 to 8 times less scratching than conventional scouring pads. Ideal for stainless steel.

**Cleaning Pad No. 9000**—Cleans most types of surfaces, including porcelain and nonstick cookware, without scratching.

**Purple Scour Pad No. 2020**—Fast scouring and low scratching.

**Scour Pad No. 220**—Heavy-duty, tough cleaning.

**Multipurpose No. 622**—For no-scratch scouring.

**Dobie® All Purpose Pad No. 720**—Hand-size, no-scratch pad constructed of mesh-wrapped urethane sponge.

**Grill Scrub No. 7721**—Mineral-coated to remove burnt-on food and grease.

#### SCOTCH-BRITE™ SCRUBBING SPONGES

**Power Sponge No. 3000**—Power Pad No. 2000 is combined with an antimicrobial sponge.

**Soft Scour!™ No. 9489**—Offers no-scratch scrubbing.

**Scrub Sponge No. 74**—Features No. 96 pad on 1 side for medium-abrasive scrubbing.

**Scrub Sponge No. 63**—Light-duty cleaning without scratching.

**Sponge Cloth**—Offers the absorbency of a sponge with the coverage of a wipe.

**Copper-Coated**—Long-lasting copper edges cut through tough soil.

**Stainless Steel**—Removes baked-on food from cooking equipment.

**Natural Fiber**—Made from 50% plant-based materials. 1 sponge does the work of 30 paper towels.

#### SCOTCH-BRITE™ FLOOR SCRUB

**No-Scratch Floor Scrub No. 7722**—Removes heel marks and wax build up.

## Handheld Scrapers

Use the blunt edge for delicate, uneven floor surfaces and the razor edge for scraping gum, paint, tape, and caked-on dirt off smooth, hard surfaces such as tile floors and windows.

**ErgoTec® Scraper**—Ergonomic nylon grip and 4" handle.

**The Brute**—Effective for multiple surfaces, and features an ergonomic grip. Reversible 4" blade and 12" handle.

**MaxiScraper**—Lightweight yet durable with ergonomic rubber nonslip comfort grip. Change blades with the push of a button. Safety cover snaps securely over blade.

**Pro Trim 10**—Fits in your hand or pocket. Textured surface and non-slip material for cold and wet conditions. Integrated blade guard locks open or closed for safe storage. Has 2 sharp edges.

**ErgoTec® Safety**—Locking mechanism prevents blade from sliding out while working. Features a single-edge blade.
