Glass and Multisurface Cleaners

Glass Cleaners—Loosen soil upon contact. Remove fingerprints and smudges without streaking or leaving a film. Also can be used to clean chrome, stainless steel, mirrors, ceramic tile, enamel, plastic, and other hard surfaces. Windex® cleans with Ammonia-D® for a streak-free shine and contains no phosphates. No. 4TKD9 is made with plant- and mineral-based cleaning ingredients.

Glass and Multisurface Cleaners—Use on most washable surfaces, including chrome, stainless steel, bathroom fixtures, and laminate countertops. No. 20J201 effectively kills 99.99% of bacteria. No. 2ZWJ9 is made from 98% naturally derived biodegradable ingredients.

Natural Odor Eliminators

Natural, nontoxic ingredients bond with odor molecules to completely eliminate smells in the air, woven materials, confined spaces, and anywhere else odors linger. Gels feature a continuous release formula to provide safe, effective odor control 24/7. Air and surface sprays eliminate odors in the air and surfaces. Carpet and upholstery products penetrate deep into carpets and textiles to remove odor molecules.

Degreasers Selection Guide

Butyl—Low-foaming, free-rinsing, biodegradable formula may be applied with a mop or pressure washer.

Citrus—Organic, nonpetroleum cleaner and degreaser with D-limonene and soy is formulated for use on equipment and machinery.

Solvent—Brominated solvents are noncorrosive and safe to use on all metal types.

Fast-evaporating products leave little to no residue and can be used in extra heavy-duty industrial cleaning applications.

Self-emulsifying cleaners are rinseable for general-purpose cleaning.

VOC-Compliant products have D-limonene and are environmentally preferred for use where a water-free formula is needed. Meet all CA-CARB and OTC requirements.

Alkaline—All-purpose cleaner and degreaser uses a blend of detergents and a water-soluble solvent to remove tough soils. Can be used in a pressure washer.

Soy—Formulated with surfactants, emulsifiers, and a biodegradable soy-based solvent. Contains no D-limonene, petroleum, or chlorinated solvents.

Foaming—Heavy-duty solvent degreaser and brake parts cleaner features a powerful jet spray.

Jelled—Clings to vertical surfaces for more-effective cleaning. No runoff.

Industrial Strength Cleaners/Degreasers

★ **Tough Guy® Non-Butyl Spray Cleaner-Degreaser**—Quickly cuts through grease and heavy soil. Spray-and-wipe formula does not require rinsing except on food contact surfaces. Use in inedible product processing areas and in nonprocessing areas.

Simple Green®—Water-based liquid concentrates are nontoxic, biodegradable, nonhazardous, phosphate-free, and VOC compliant. Crystal Simple Green® has no added fragrance or color and is NSF A1 A2, A4, A8, B1, and C1 rated.

Starpower Super Cleaner/Degreaser™—Biodegradable, water-based formula cleans greasy engines, ink, hard water deposits, mildew, paint, printing equipment, rust stains, tar, train cars and engines. USDA approved for use in food processing facilities. Nontoxic and nonflammable.

Formula 409®—Heavy-duty degreasing, with no filming or streaking. Remove tough grease and dirt - fast. Clean range hoods, stainless steel, and glazed tile floors. Perfect for use in commercial kitchens, schools, office break rooms and foodservice facilities. Eliminate waste with Smart Tube® technology, to spray all the liquid to the bottom of the bottle.

Misty®—Quickly dissolves grease, dirt, carbon, oils, fats, foodstuffs and road soil.

Krud Kutter® Cleaner and Disinfectant—Cleans, disinfects and deodorizes. Kills 99.9% of bacteria, viruses, and germs. EPA registered.

Krud Kutter® Concentrated Cleaner/Degreaser—Biodegradable formula cuts grease, grime, oil, tar, and wax. Safe for use on carpets and fabrics. Safer Choice and NSF A1 certified.

Disinfectant and Sanitizer Information

Disinfectants—A substance, or mixture of substances that destroys or irreversibly inactivates bacteria, fungi and viruses, but not necessarily bacterial spores, in the inanimate environment.

Sanitizer—A substance, or mixture of substances that reduces the bacterial population in the inanimate environment by significant numbers, but does not destroy or eliminate all bacteria.

- Any product that claims to "kill" anything need to be registered with the EPA
- All registered products must be used exactly as the labels state they are to be used to validate the kill claim
- Disinfectants usually call for 1 to 10 min. wet contact vs. Sanitizers that usually call for 30 sec. to 1 min. contact

Clorox Healthcare® Bleach Germicidal Wipes

Clean, disinfect, and deodorize hard nonporous surfaces. Prevent do-it-yourself formula mixing errors and ensure stability.

High-alcohol wipes have 55% alcohol for 2 min. kill times. Low-alcohol wipes disinfect sensitive equipment in 5 min. Nos. 4AZT2, 4AZT3, 41C255, and 2FLN2 are nonstaining and bleach- and alcohol-free; effective against MRSA, VRE, HIV-1, and Influenza A. Nos. 4AZT2 and 4AZT3 also kill (effective) Norovirus. EPA Registered.

No. 2FLN2

Surface Sanitizer/Disinfectant

Alpet® D2 Surface Sanitizer/Disinfectant—No-rinse, alcohol/quat formula will sanitize a food contact surface in just 60 sec. and completely disinfects non-food contact surfaces in 5 min. Highly evaporative, non-corrosive and ideal for water sensitive equipment. Kosher, Pareve, and Halal certified. NSF registered, D2 classification.

Alpet® D2 Surface Sanitizing Wipes—Surface wipes Nos. 36P196 and 36P197 are pre-saturated and come in a canister with a spring-loaded lid to prevent them from drying out. Refillable Wiping System Nos. 36P188 and 36P193 include reusable canisters and dry wipes. Add 1 qt. of Alpet D2 Surface Sanitizer No. 36P191 to moisten wipes.

Hand Hygiene—Meet all USDA requirements for food handling. Formulated with emollients to keep hands soft. Kosher, Pareve, and Halal certified.

Sanitizer spray Nos. 36P171, 36P172, 36P173, and 36P175 kill 99.9999% of 26 tested pathogens. Atomized spray saturates fingernails, cuticles and crevices where germs hide. NSF registered, E3 classification.

Foam soap Nos. 19RC65, 19RC66, and 19RC67 kill 99.999% of 12 tested pathogens. Rich, thick foam. NSF registered, E2 classification.

Dispensing Options—Touch-free Nos. 36P155 and 36P156 and manual Nos. 36P168 and 36P169 dispense sprays, foams, liquids, lotions, soaps, and sanitizers. ADA compliant.

Stainless steel dispensers Nos. 19RC73, 36P166, and 36P167 are designed for easy cleaning. Ideal for wet or dry environments.

Touchless dispenser No. 19RC84 reduces the risk of cross-contamination with dual-infrared sensor technology. Table top or wall mount.

Pump Kits and Pumps—Designed for foams and sprays, soaps and sanitizers.

RTD™ Dispensing System

DISPENSER CHEMICALS

Maintenance-free dilution control system is built right into the bottle. Units easily attach to a common garden hose for water supply. Provide safe, accurate mixing; eliminate contact with concentrated chemicals and reduce chemical waste. Set flow lever to fill buckets or bottles.

ACCESSORIES

For use with all RTD™ bottles.

Wall-Mounted Holster—Holds two 1.5L or 5L bottles.

Water Hookup Kit—Includes instruction sheet, 5-ft. water hose, shutoff valve, and female quick-connect.

Quick Connect—Female attachment connects RTD bottles and water source.

Water Supply Hose—5-ft. hose allows greater flexibility; can easily move from one water source to another.

Wire Racks—Wall-mountable racks provide more-permanent installation and allow hands-free operation.

Dilution Control System

3M™ TWIST 'N FILL™ CLEANING CHEMICAL MANAGEMENT SYSTEM

Tamper-resistant cap helps to prevent contact with hazardous chemicals.

Dispenser

Compact and versatile chemical dispenser dilutes chemical concentrates with water to accurately dispense cleaning products.

No. 4YEP7 features additional pressure relief valve that meets ASSE.1055P 2009 requirements.

Integral air gap meets ASME/ANSI A112.12 and ASSE.1055B requirements, and prevents chemical back flow into water supply.

Wire Shelves

Provide neat storage and easy accessibility of chemicals. Store four 2-liter bottles. Also available in locking style.

Preprinted Bottles

Dispense mixed cleaning chemicals into labeled spout cap or sprayer bottles. 32-oz. bottles.

Floor Strippers

Heavy-Duty—Penetrate and emulsify the toughest UHS burnished finishes. Works the first time, eliminating the need for restrips.

Ultra Heavy-Duty—Fast-acting stripper begins to emulsify most finishes on contact, reducing normal soak times.

UHS—Specially-formulated for high- and ultra high-speed floor care programs. Quickly penetrates and emulsifies finish.

Noncorrosive—Formula is noncorrosive to eyes and skin without sacrificing performance. Chemical goggles and gloves are not required.

Linoleum—Effectively removes existing finish without damaging floor. Also works on marble and other sensitive substrates.

Baseboard—Ready-to-use, fast-acting foam stripper for spot build-ups, especially around baseboards.

Floor Finishes and Sealers

Ultra High Solids—Need fewer coats to achieve a high-gloss appearance.

High Solids—25% solids provide a long-lasting, high-gloss finish.

Brilliant Appearance—Diamond-like brilliance, clarity, and durability. Feature fast cure time, excellent buff response, and reduced marking, scuffing, and scratching.

Zinc-Free—Clean, long-lasting finish for environmental purchasing programs.

All-Purpose—Economical finish for frequent spray buff programs.

Economical—Create a durable finish that reduces the need to strip and refinish.

High Solids UHS—Delivers excellent gloss build and durability.

UHS—Ultra high-speed labor-saving finish delivers a wet look gloss without daily burnishing. No. 11Y634 is fortified with urethane for added durability.

Black Floor—Designed for black plank asphalt floor care programs.

Finish/Sealer—Formulated to work with any maintenance method and equipment of all types of floors.

Sealers—For all finishes used on resilient flooring. Seals pores of flooring and levels the surface.

Floor and General-Purpose Cleaners

Neutral Cleaners—Formulated for everyday cleaning. Will not dull floor finish and does not require rinsing.

Low-Foam Neutral Cleaners—For use in auto scrubber and bucket applications. No rinsing required.

General-Purpose Cleaners—For cleaning and degreasing applications. Excellent for scrub and recoat floor programs.

Peroxide Cleaners—Clean without dulling. Approved for use in carpet extraction, prespray, and spotting.

Broad Spectrum Disinfectant Cleaners—Kill bacteria, fungi, and viruses including HIV, MRSA, and staph.

Automatic Floor Scrubber Solution—Concentrated for use in auto scrubbers and pressure washers.

Rubber Floor Cleaners—Clean, shine, and protect. No. 2ZHT1 is solvent-free and emulsifies dirt quickly. No. 2ZHT2 is a blend of detergent, waxes, and polymers.

Concrete Floor Cleaners—Remove grease and dirt from concrete floors. Nos. 3HUP4 and 3HUP5 are concentrated for auto scrubbers and mop buckets. No. 5DJC7 has no irritating fumes, and is hard water tolerant and biodegradable. Nos. 3HUN5 and 3HUN6 change color when wet to indicate performance, are biodegradable, and rinse easily.

Carpet Spotters

Designed for difficult stain removal where other spot and stain removers may fail.

General-Purpose—Water-based, low-residue formula is safe on all carpets, including wool.

Gum Remover—Helpful in removing gum and candle wax from various types of carpet.

Hydrogen Peroxide—Maximum effectiveness on coffee and other high-color stains.

Protein—Removes organic spots including vomit, urine, and blood.

Stench and Stain Digester—Eliminates severe carpet malodors caused by organic matter.

Tannin Stain Remover—Effective on coffee and tea stains. Use for general debrowning.

Citrus Express Gel—D-Limonene formula removes adhesives, tar, oils, grease, ink, and marker.
