## Dispenser Sublease Information

Note: The enMotion® and GoRag towel dispensers, owned by Georgia-Pacific Consumer Products LP(GP), are not available for sale, but are subleased to end user customers by Grainger, an authorized distributor of these products. The Grainger price is therefore a one-time sublease acquisition fee. The sublease requires that only Georgia Pacific enMotion® and product be used in these dispensers. You will receive your sublease registration form in the mail within 30 days of order placement. The sublease form will also activate the dispenser warranty.

**Correct Handwashing Technique**

Hands should be cleaned, at minimum, at the end of each work period, prior to breaks, and when visiting the bathroom. Developing good handwashing technique is essential to ensure hands are thoroughly clean. After hands are washed, it is also important to make sure that they are thoroughly rinsed and dried to help keep skin from chapping and cracking.

Proper technique includes the following:

Rub palm to palm

Rub palm over the back of the hand, fingers interlaced

Palm to palm, fingers interlaced

Fingers interlocked into palms

Rotational rubbing of thumb clasped into palm

Rotational rubbing of clasped fingers into palm

**Foam Dispensing Systems**

Touch-free or manual dispensers automatically dispense the correct amount of hand soap. Lockable with large sight window for easy refill check.
